Ride Fun Comradarie

25 years of having fun, riding to State Rallies and comradery

Congratulations to our original three members,

Peter Murphy,

Ed Porter and Rebecca Porter

The Longest Distance Passenger Award was presented to Rebecca at the Hahndorf

Rally 1994. We attended the rally and afterwards kept going West to eventually travel around Australia on our 1993 Ultra towing our first Classic Trailer. A truly great experience just the two of us out there enjoying the outdoors and scenery, along with meeting so many people who were "amazed" at what we were doing.

It was after this trip that Rebecca decided to get her own bike and be part of the HOG family. In her own words "I was sick of looking into the back of your helmet and I can only read so many books and sleep for a certain time so let's go and get my own Harley". I already had the Ultra and a 1986 Softail so she rode this for a while until we purchased a 1995 FXD. In 1999 it was traded for a Road King, then in 2004 along came the Deuce which will be in our stable for a very long time, 14 years so far, so it must be a good bike. Would love to still have the old Softail but brother Gordon is looking after

it and one can only ride on at a time.

Interesting note: As we were doing one of the Safe Riding Skills courses being run by HOG through an independent Riding School in Brisbane, Rebecca was approached by the owners if she would be interested in becoming an Instructor in Cairns for them, to teach learners how to ride a motorcycle. She ran Motor Riding School for two years using Yamaha 250's until government restrictions become too much and sold the bikes and enjoyed the Harley.

That piece of wood certainly changed our lives and introduced us to so many people and more importantly, the friends we have today in the Harley Owners Group.

Road Captain's Report by Doc (John Huntley)

March 2018

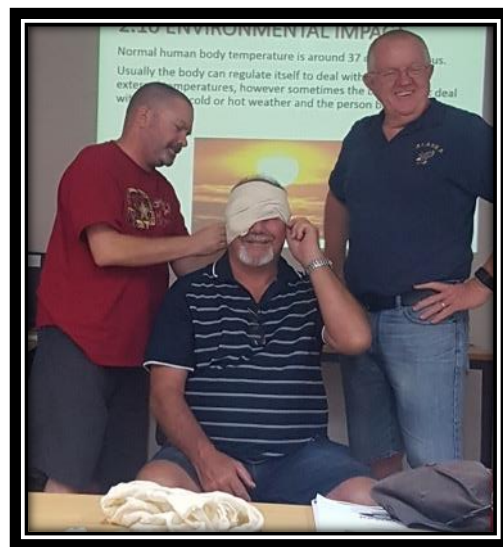

8th April: Black Dog Charity Ride

Four members, Doc, Blue, Geoffro and Chopper joined the annual Black Dog Charity Ride. It was a fun ride where everyone got drenched.

Sunday 8th April: First Aid Course

Our safety Officer, Tem, organised for members to participate in a First Aid Course. A special thank you to Ed Porter, our instructor for the day. Thirteen members have their certification. Thank you, Peta and Bob for organising lunch and Tem for the Hot Cross Buns. Everyone walked away feeling confident in the event first aid is required.

22 April Doc's Ride to Dimbulah

Another fun day. 13 riders rode up the Kuranda Range. Unfortunately, one bike needed first aid on the range. Onto Mareeba and out to Dimbulah for smoko. Doc headed back through Chettle Rd, past the prison, the wind farm and back into Mareeba for lunch at the RSL.

22nd April: Dealer's Ride to Cape Tribulation

Tim from Harley Magic led over 60 bikes to Port Douglas and onto Cape Tribulation. Most members left independently from Port Douglas. Doc continued onto Cape Tribulation with the rest of the riders for lunch.

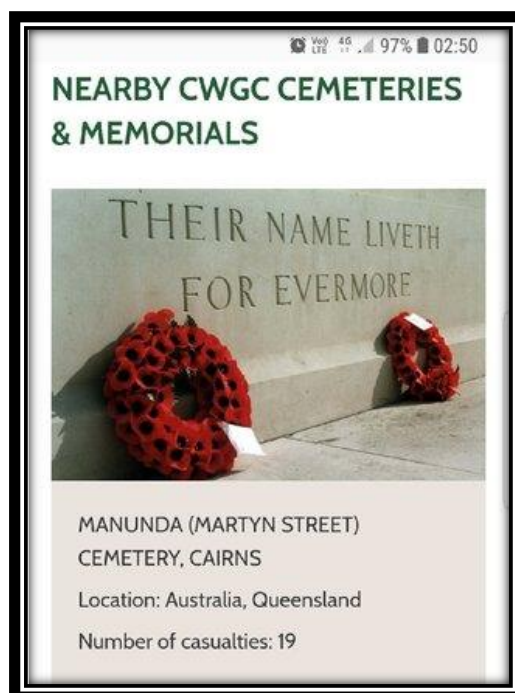

There were 2 events members participated in.

Choppers Dawn Ride Service along the Esplanade and breakfast at Villa Romana.

Doc's ride. The Patriots and Veterans MMC's invited ex serving members to lead the parade on their bikes to the Edge Hill War Graves. I found a great unified front of military men from all military clubs.

Cape York Hogs Ride to Townsville State Rally & Thunder Run

3 groups departed Cairns, Friday 4th May and arrived safely in Townsville.

Shooter's group with 12 bikes and 2 pillions departed Harley Magic at 7am and travelled to Mareeba to collect Casanova, Di and Bully. Then on the way to Ravenshoe, Mt Garnet, Greenvale, Harvey Range, Monte Carlo Motel, Reid Park, Townsville.

Tem's Group-

Squeak, Geoffro, Felix, Anthony, travelled the coast to Townsville

Ison Family

While other HOG members ventured down independently.

Suewelyn's Murder Mystery at Pk's Cape Tribulation

Saturday 26th May 2018

Wow! What an amazing weekend of fun, laughter, mystery and murder. After serving bacon and egg burgers for brunch, a group of 8 travelled along the picturesque route passing

Port Douglas, Cooya Beach and Mossman. We arrived at the Daintree Ferry and boarded immediately. Then meandering from one range to the other, passing by Mt Alexandra Lookout, Cow Bay Hotel and Noah Beach. Are we there yet? No! There's Mason's Café, Whet Café Bar, Ocean Safari on the left and down came the rain as we entered right into PK's Jungle Village, Cape Tribulation.

After settling into our rooms, then checking out the bar facilities, some needed a snooze and others went for a walk along a pathway/boardwalk to the beach. The tide was out and we walked along the white sand inundated with crabs just beneath the surface.

Dinner time came and we all arrived at Margaritaland. The game was played and we had objectives to complete. These objectives allowed us to draw our own conclusions as to the motives and the identity of the murderer. We mingled amongst ourselves. Before the night was through, we had discovered that there was a motive for killing the victim and were inclined to protect our innocence as well as seek out the murderer. To add to the experience and suspense of the night, the murder happened during the party. So, who did it?

The night was fun, dressing according to our character. Well done Darren, who portrayed his character with finesse. Congratulations Kylie/ Ms Izzy/Easy for being best dressed and Cotton Candy/Di for discovering the murderer. Many thanks to Suewelyn for organising this murder mystery. To Peta, Bob, Dan and Joe, well done! Guess who had fun playing pool while the young-ins were snoozing? Mmm, that'll be right, the old hoggies were at it again!

Congratulations

Peter McCormack/Klinger

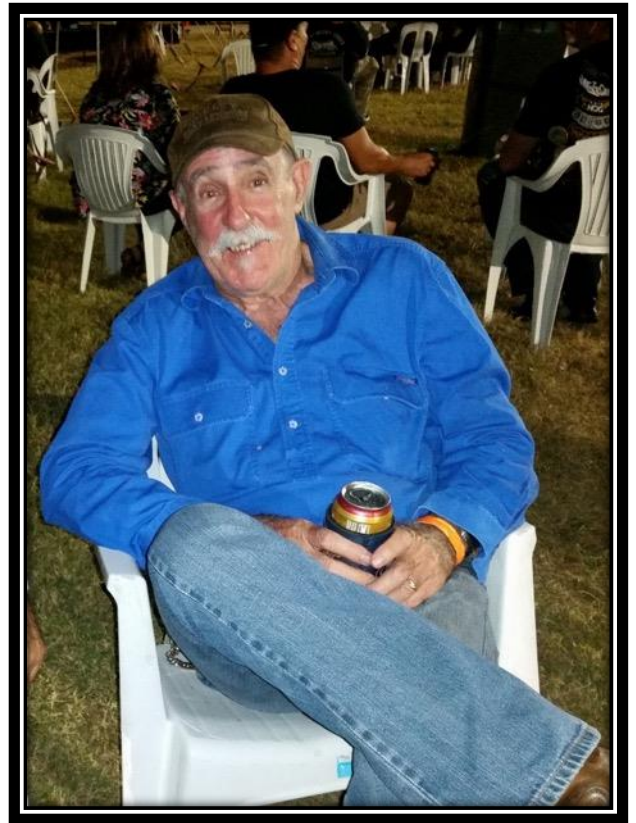

Woo! Hoo! Klinger,

17th in the ABC of Touring.

This annual event sees participants earn points for visiting towns, regions, and landmarks which cover each letter of the alphabet and gathering photographic evidence along the way.

Klinger rode a lot of kms and had fun doing it and all this on a trip to Adelaide for a pie! Any excuse to go for a ride!

Well done!

Tem's Safety Officer Update

We had some great rides over the last few months. However, we've noticed a few things that need refocus in regard to our safe riding skills.

- The highway laws require that you must pass at the posted speed limit. Not only can speeding be dangerous to your health but it can be expensive if you get caught.
- When passing a car on a road with only one lane going each direction, keep your speed up after you have completed the pass and don't slow back down until there is a gap large enough for all the riders behind you to pull back in and safely decelerate (above). Stay aware of what the riders behind you are doing. If you are farther back in the group, don't begin your pass until there is a gap ahead of the car for you and the other riders riding behind you. The rider in front should immediately make his way to the left-hand side of the lane to allow the rider behind him to have plenty of buffering room. The riders can then move to their staggered formation when safe.
- Mirrors don't always show you everything behind and beside you. There are blind spots and you may not be able to see that car or motorcycle beside you. Hogs need to be able to do a head check by turning their head, to the left or right and quickly looking over their shoulder to make sure that the space they are about to move into is not occupied.
- This above applies when you are changing lanes, pulling out from the kerb, or turning. Keep your riding scans going, but you need to be able to do that, and see all around you, without sacrificing one view for the other in terms of safety.

Ride Safe

SAFE RIDING

STAGGERED RIDING

The lead motorcycle should be in the right 1/3 of lane, the second motorcycle should be in the left 1/3 of the lane, one second behind the first rider, and so on.

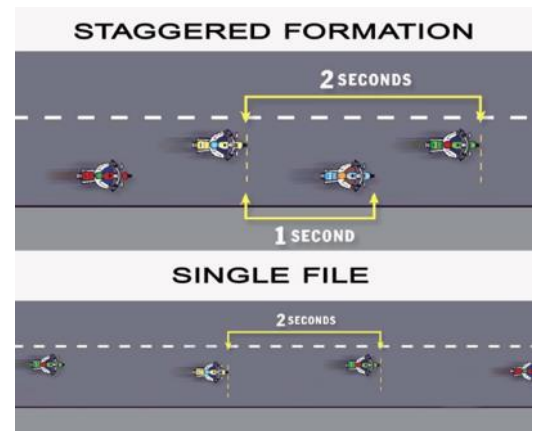

- Leave enough room between each motorcycle so that any rider can manoeuvre to the right or left without hitting anyone else.
- Always stay in line with the bike in front of you.

Do not switch between the left and right side of the lane.

SINGLE FILE RIDING

All motorcycles ride in a single line, two seconds behind one another, in either the right or left third of the lane.

The lead rider determines on which side of the lane the group will ride.

PASSING

Passing should always be undertaken one motorcycle at a time, in staggered formation. Remember, passing at any time can be hazardous. Use common sense.

PASSING OTHER VEHICLES

- **Pre-pass position** – Be far enough behind the vehicle you are passing to see clearly down the road to do an “oncoming traffic check.”
- **Signal** – If you have a passenger, he or she should signal as well.
- **Check your mirrors** – Then turn your head to check your blind spot and ensure that no one is passing you.
- **Accelerate and change lanes** – Remember, legally, you can’t exceed the speed limit.
- **When returning to your lane** – Signal and make a mirror check and head check to be sure there is space between you and all other vehicles. Return to your lane and turn off your blinker.

AFTER MAKING THE PASS

The lead rider makes the lane change, going to the right track, until he can clearly see that the other riders have made their lane changes.

KEEP THE GROUP TOGETHER

- **Plan** – The leader should look ahead for changes and signal early so “the word gets back” in plenty of time. Start lane changes early to permit everyone to complete the change. Put novice riders or those new to group riding at or near the back unless the riders wish to ride elsewhere.
- **Follow Those Behind** – Let the tailender set the pace. Use your mirrors to keep an eye on the person behind. If a rider falls behind, everyone should slow down a little to stay with the tailender.
- **Know the Route** – Make sure everyone knows the route. Then, if someone is separated they won’t have to hurry to keep from getting lost or taking a wrong turn.
